Your performance will be captured on a professional, broadcast-quality TV camera and filmed by an experienced camera person. Every effort will be made to give you the highest quality DVD possible. In the unlikely event that there is a technical problem on our end, we will give a refund under reasonable circumstances. But it is important to be aware that there are many variables in live performance settings and we cannot be responsible for things that are beyond our control.

We have no problem with you putting the performance on YouTube or using it for promotional purposes, but by signing below you are acknowledging that you take full responsibility for securing any music rights or other permissions needed to do so. Michelle Joyce is simply providing the service of videographer and is not responsible if the footage is used for any purpose rather than personal use.
